A friend of mine got lost in Atlantis

for more than a while he had with him some liquor and it tasted so fine

sometimes i'm with him, sinking to the ground

digging for treasure that will never be found

### VERSE

G D C D G  
Another one thought there's money on the road

Got himself a truck and tons of cargo to load

Once he missed his girl's birthday when he tumbled into a bar fight

He drank black sugared coffee from cups of polystyrene

sometimes i'm with him, driving at night

looking for profit in the beams of the headlights

### BRIDGE

C D G G/F# Em  
I got asked by a friend to teach him guitar  
Am C  
He said women were easy and drinks were for free

I said, 'Maybe you're wrong - still it's a pleasure to me'  
D D7 C  
Now he's counting the nickels in his guitar case

### CHORUS

G G/F# Em F C  
and i'm always with him, singing downtown

looking for women and paying for my own drinks
